Salute to the 50th Anniversary of Corvette 18th Annual Huntington Beach Concours d'Elegance

June 1, 2003, Huntington Beach, CA. Enter your car, motorcycle or vintage bicycle and join Corvette and Triumph with other enthusiasts at this historic event on the lawns of the Huntington Beach Central Park. See web site: www.hbconcours.org

On June 30, 2003 the Legendary Chevrolet Corvette will be 50 years old. The 18th Annual Huntington Beach Concours d'Elegance is pleased to honor this American icon.

The Corvette began as a dream, a concept, a show car and finally as a production sports car in 1953. Only 300 were produced in the first year. They all were white with red interiors and black convertible tops. A humble six-cylinder motor and a 2-speed powerglide automatic transmission powered the two-seater. On June 1, we celebrate the many racing victories and the refinements of Corvette into "Americas Favorite Sports Car". The Concours will also feature Dick Guldstrand and other legends who raced, designed and produced the "Vette".

2003 marks the 100th Anniversary of the Triumph motorcycle and the Concours will host a wide range of these and many other historical motorcycles.

Also, this year the Concours is delighted to be hosting the Porsche Club of America-Orange Coast Region who are expecting over 100 cars at their 36th Annual White Gloves Concours.

Over 40 classes of cars, motorcycles and vintage bicycles, live entertainment, auto memorabilia, special programs for children, food vendors and merchants will assure fun for all.

Proceeds after operating expenses are donated to the Huntington Beach Library Children's Resource Center.....Please plan on attending for a relaxing day in the park.
